

XeneX Virtual CISO (vCISO) Services

Hiring and retaining an experienced CISO remains challenging in 2026. XeneX vCISO provides executive-level cybersecurity leadership, strategic guidance, AI governance oversight, risk management, compliance leadership, and cyber resilience planning without the cost of a full-time executive.

Our executive-level security professionals work alongside your leadership team to develop, manage, and mature your cybersecurity program while aligning security investments with business objectives.

XeneX vCISO Services

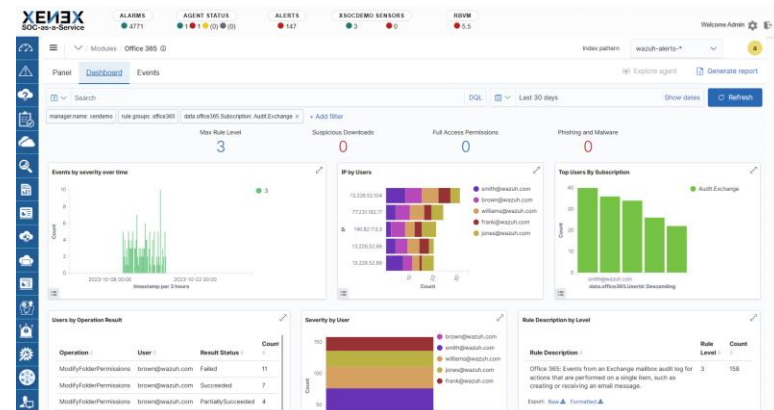

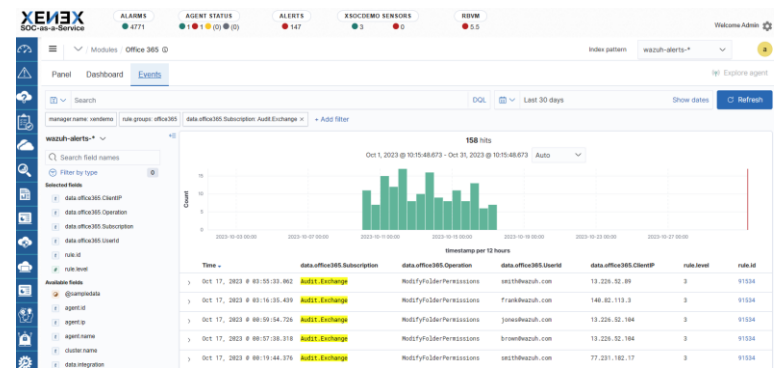

Highlights

2026 vCISO Service Areas

- Cybersecurity Strategy & Roadmaps
- Governance, Risk & Compliance (GRC)
- AI Governance & AI Risk Management
- Security Program Maturity Assessments
- Board & Executive Reporting
- Regulatory Readiness & Cyber Insurance Support
- Incident Response Planning & Tabletop Exercises
- Third-Party & Supply Chain Risk Management
- Security Awareness & Training Programs

XeneX vCISO delivers flexible security leadership that adapts to your organization's needs. We proactively assess cyber risk exposure, identify security gaps, prioritize initiatives, and help leadership make informed risk-based decisions.

Organizations gain experienced security leadership, improved compliance readiness, stronger resilience against ransomware and emerging threats, and measurable improvements in cybersecurity program maturity.

Our Vision

To help organizations build resilient, compliant, and business-aligned cybersecurity programs. XeneX vCISO combines strategic leadership, operational expertise, and modern cyber risk management to help organizations navigate AI-driven threats, evolving regulations, and an increasingly complex digital landscape.
